

Boost for a Sanborn Boy.

We are glad to note the success of our young friend, Fred Potter, who has recently become a member of the firm in whose employ he has been for some time past. The following notices are from the Cooperstown Courier and the McHenry Tribune:

"Commencing on May 1st the Crane-Johnson Co. will succeed the lumber firm of Crane & Johnson, the incorporators of the new firm being Maynard Crane, J. E. Johnson, Geo. C. Macconnell, Fred C. Potter and Elizabeth F. Crane. The old firm has worked up and now has a very fine business and thought it necessary at this time to take in more members in order to handle the business successfully. Geo. C. Macconnell will be secretary of the new corporation and F. C. Potter will continue to handle the McHenry end of the company, which by the way is no small end either. The entry of these two young men into a well established business is a just recognition of merit and faithfulness. The Courier congratulates the old firm on its past success and wishes the new firm unbounded success in the future."—Cooperstown Courier.

"The citizens of McHenry congratulate Mr. Potter on his promotion. Fred is a good boy and is well worthy of the recognition accorded him. Push, pluck, perseverance and honesty is always rewarded."—McHenry Tribune.
