

Died—Thursday, March 10, at his home four miles south of Rogers, John Hood, aged 44 years. Mr. Hood was a time honored citizen of this locality and had the respect of all who knew him and expressions of regret at his early decease are heard on every side. He has been a sufferer with asthma for several years but it is understood that the direct cause of his death was Bright's disease. Beside a nice home Mr. Hood leaves his family \$2000 of life insurance carried in the United Workmen. The remains were interred at Sanborn Sunday. The sorrowing family have the heartfelt sympathy of all.
