

John Davidson,

Was Not Killed

"Washington D. C.

Thomas Davidson: Telegram sent you that your son, Pvt John Earl Davidson, marine corps, was killed in action was sent you by mistake. Kindly disregard.

Chas. H. Laing"

The above message was received by Mr. and Mrs. T. S. Davidson after being informed by a 62 word message that John had been killed in action October 4. It is seldom such cheerful news is received after being notified of the death of a relative, and of course the joy it brings is almost beyond expression. The family may now have the assurance that they will again see a son who for awhile they never expected to meet again
