

CONTAINERS.

It is reported that our popular young townsman, James Darcy, recently married a charming young lady from an adjoining county. "Jimmy" showed the boys a good time at his bachelor quarters recently and if the report is not correct he is certainly "stringing" 'em along some. And again, if the report is true, and we hope it is, the News joins with a host of friends in wishing him and his better half a long, prosperous and happy life.
