

## School Notes.

(For week ending Sept. 22.)

Elwood Kribbs who had the misfortune to fall and break his arm has the sympathy of all his schoolmates.

The new set of encyclopedias give excellent satisfaction and prove of great assistance in furthering the school work.

We strongly urge that those pupils who are detained at home on account of farm work be allowed to return to school as soon as possible as every day lost now means much to them.
