

On Monday, September 11th, the Wimbledon public schools will open for the fall term. The school board are to be congratulated on securing such able teachers. Prof. I. R. Matthews, will again take the position as principal; Miss Mary Thompson, 1st intermediate; Miss Lizzie Schoepp, 2d intermediate; Miss Jennie Henderson, primary. The new fourth room is completed with the exception of placing the steam radiators, which will probably be done in time to have the school open on the above date. Parents having children who will attend school should make it a special effort to see that they enter when the term starts as it makes it better for the scholars and teachers and makes advancement surer and quicker than if they enter several weeks after the term has begun.
