

The graduating exercises for the Courtenay school will occur on Thursday evening June 11, 1914, at Larson's Hall. Clarence Fosholdt completes the four year High School course and five boys and girls are to receive their eight grade diplomas. Professor Weanett, superior of the Model School at the Valley City Normal, will be with us and deliver the commencement address. Superintendent Mary E. McGinnis also expects to be here and will speak especially to the eight grade graduates. There will also be good music as a part of the program and the public is cordially invited to attend the exercises.
