

A Long Auto Trip Finished

STARTING FROM FLORIDA AND
ENDING IN COURTENAY
NORTH DAKOTA

Starting on August 5, from Dania, Florida, which is located in the extreme southeastern part of the state, and landing in Courtenay, N. D., on September 7th, a distance of 3180 miles, covering the entire distance by auto, with a total auto repair expense of 71 cents, is a record which has just been completed by G. A. Garrett, wife and child.

During the trip they were in ten states, being Florida, Georgia, Tennessee, Kentucky, Indiana, Illinois, Iowa, Wisconsin, Minnesota and North Dakota. In most of the states they traveled the long way of the state. They did no night traveling, stopping at hotels for the night. They spent about ten days visiting.

They traveled the entire distance in a 1913 Ford, and when the car pulled in here it had covered 8000 miles, and is in first class condition. The trip was a most pleasant one and many picturesque scenes helped to make the trip enjoyable.

The object of choosing Courtenay as his destination was to accept the management of the Roger Co. lumber yard, at which place he will be found in full charge.

Mr. Garrett was formerly in the banking business at Alpena, S. D. He is a pleasant gentleman, one who will make friends rapidly and hold them. He is desirous of making the acquaintance of all, and if any one is anticipating building material he assures them courteous treatment.

He has rented the house formerly occupied by Larry Prader and wife and as soon as the furniture arrives they will go to housekeeping.
