

Gone to Canada

Robert Walks and Alex Monday left Tuesday evening for points in Canada, where they expect to look up land, and may decide to take up a half section of Canadian land. Mr. Walks has a brother who owns a half section near Edmonton where he will visit before returning. They will visit several points while away. If they decide to take up land they will locate in the neighborhood where E. F. Horn and others from here are, and will go on the land next spring.
