

A lively runaway occurred Wednesday afternoon when the team of Chas. Schumacher took fright at an automobile. The team was hitched to the old light post formerly used by Bert Stoddard and located in front of Lindh's Confectionery, and they pulled the post from its fastening and started for a good run, turning the corner at the Lundeen store and continued for about three miles. They were overtaken by an automobile and captured in a field. No damage of any mention was done.
