
Takes in Partner

S. J. Strong, of the Sanitary Meat Market, has disposed of a half interest to H. Meinke, who has been traveling for the Cudahy Packing Co. He is an experienced meat man.

A meat market will be opened at Glenfield and run in connection with the market here, Mr. Meinke taking charge of the Glenfield market, at which place a lot has been purchased and a building will be placed on it.

A site has also been secured near Glenfield for a slaughter house, all killing for both markets to be done there by an experienced man. There is no doubt but this will prove a profitable venture.
