## Bensons to Leave Hannaford

People of Hannaford and vicinity will learn with regret that Dr. R. D. Benson and family have decided to remove from Hannaford. As soon as he can dispose of his property here, he expects to move to Minneapolis where he will engage in practice with an already established physician, and the two may later enter into partnership.

Dr. Benson is advertising his residence property in this village for sale, and the buyer who secures this will have one of the best improved residences in the village.

It will undoubtedly be some weeks before all his affairs can be arranged for leaving, and in the meantime many of his friends who are reluctant to see this estimable family leave, are urging him to reconsider his decision.
