

where "Service Counts."

FOR SALE—A milch cow, fresh this month. Also a Poland China boar, and three Poland China sows. Apply to John Wam.

Oliver Thoreson had the misfortune to be shot through the flat of the left foot last Sunday afternoon while out hunting. The weapon, which was in the hands of one of his companions, was a .22 calibre rifle, and the ball penetrated clear through the foot, and undoubtedly some of the bones are broken or injured. The accident occurred a mile or more north of town, and with the assistance of two of his companions he was able to walk to the section house, and Mr. Cederson took him to town on the hand-car. He was then promptly given medical care and it is hoped that his recovery will be as rapid as the seriousness of the wound will allow.

Monday afternoon, Nov. 5th, Walter Christenson's house was completely destroyed by fire and part of his furniture burned. When the fire started Mr. Christenson was at Karnak with a load of grain while Mrs. Christenson was at the barn. Wednesday morning, Mr. Hopper, representing the Globe Fire Insurance Agency, together with Mr. Angus, settled the loss on furniture and

household goods paying Mr. Christenson in full for all property burned, a total of \$486. The fire started in the chamber and must have come from a defective chimney. The house belonged to Gust Lind and was formerly a land mark in Hannaford, having been for many years the refreshment parlor of Tom Moore. It was insured for \$700 with the Farmers State Bank.
