

School Notes

Erma G. Armstrong, '17, Editor

Coming Events

Oct. 30—Hallowe'en Carnival.

Nov. 3—Tom Thumb Wedding.

Nov. 15-17—State Teachers' Meeting in Fargo.

Mrs. Walter Richardson visited some of the grade rooms Monday.

In expression of sympathy, flowers were sent to Marion Markwood and Mrs. Judge by the High School on Thursday.

The Department of the Interior, Washington, D. C., has given us three Portefolios of the National Parks. They are of great merit and all pupils are urged to read them.

We now have a piano in the High School room. It is a Williams & Co. make.

We have needed new curtains in the High School room for a long time and now we are going to have them. They have already been ordered and we all hope they will soon arrive.

Through long usage the seats in the High School room are carved and marked up. New tops equipped with inkwells have been ordered and we will all try our best to be careful of them.

Marion Markwood was taken to Fargo Tuesday evening for an operation for appendicitis.

On next Friday at 1:15 p. m. the class in American History will present the merits of President Wilson and his worthy opponent, Chas. E. Hughes. After the discussion the audience (you are welcome) will ballot. The intelligent voter to-day does not confuse party and the career of the candidate.

All the mysteries of the underworld and the Land of the Styx will be revealed to those who apply for information at the schoolhouse, Oct. 31. If you would wander with the shades of departed spirits, or cross the dark river of Oblivion and be forever enlightened in the affairs of the world beyond mortal ken, be not a moment too late. Eight o'clock is the hour.
