

## DOINGS IN OUR SCHOOL

The two local doctors, Dr. Benson and Dr. Taylor were at school last week examining the teeth, throat, nose and ears of all the pupils.

At four o'clock on Wednesday a debate was held in the High School Room on the question, "Resolved; that the Federal Government should own and operate all telephone and telegraph lines," the question to be debated at Cooperstown Thursday evening. The affirmative was upheld by Jeannette Westly, Phillip Thoreson and Charles Brown, while Edna Jackson, Esther Pederson and Julius Aarestad argued for the negative.

The teachers, High School pupils and several others were planning to drive up to Cooperstown Thursday evening, but on account of the cold weather they were given a vacation of one day and a half so they all went on train Thursday noon and returned Friday evening reporting a good time. The debate will be fully discussed in another part of the Enterprise.

Philip Schmidt was absent from the primary room last week on account of sickness.
