

Chester Olson visited relatives and friends here last week, leaving Thursday evening for Bismarck where he will have his headquarters. He is traveling representative for the Wahpeton Metal Culvert Co. It was something of a surprise to his many friends here to learn that he had recently been married; his bride being Miss Olive Guy. Mrs. Olson is a native of Indiana, but has attended and graduated from the N. D. Agricultural College. Chester's many friends are unanimous in wishing him happiness and prosperity.
