

The marriage of Mr. Erik Stone and Miss Amelia Alberts was solemnized at Minneapolis on Saturday, August 9th. They returned to Hanaford last week where they will make their future home. Since returning from France, where he served with the Marines, Mr. Stone has been employed by Asher Anderson in the machine and implement business. The bride has for several years kept house for W. D. Sinclair and children, and has proved herself an efficient and accomplished young lady. The newlyweds have a host of friends who all join with the Enterprise in wishing them happiness and prosperity along life's journey together.
