

# Rural School Notes

## Helena District No. 3.

Steinborn School, A. C. Paulson, Teacher. Attendance the past week has been very good. Nearly all who were ill have returned. The story of glue is being read for opening exercises. We have decided to keep school by the old time and sleep an hour longer every morning. Later on we will change to the new. The Fifth Grade had several drills in phonics the past week, and find it a great help in Spelling. The Upper Language class has been taking up the uses of the different kinds of adjectives. The Second Grade has finished the year's work in Arithmetic and are commencing Third Grade work. They will soon be through with their readers. The Agriculture class is studying Hot Beds.

## Ball Hill District No. 17:

Soma School, Laura Vatne, Teacher. An Edison phonograph was purchased with the proceeds of the Basket Social. Gurina Soma has been promoted to the Sixth Grade. Bernice Sharpe has been promoted to the Second Grade.
