

## HIGH SCHOOL NOTES

Why this smile on everyone's face? Why?? Why, because of vacation, of course.

Tennis playing at the school grounds was again resumed last week after six months' vacation.

Several of the High School girls realizing that Spring was indeed here and desiring to express their appreciation of the fact attempted a Picnic Supper last Wednesday night under the "Big Bridge," but due to sudden inclemency of weather it was postponed until later.

For Sale—Toothpicks, matches, broken pens, pencils, caps, too much vacant time—Apply to K. R.

The following new words have been added to the High School vocabulary—Tweek, zipping, jazz baty, Oh my conscience.

A spectre was seen roaming around the school grounds last Wednesday evening. Several witnesses testify to the authenticity of the ghost.

Thursday was All Fools' Day which was signified by the various placards which were displayed on the various persons in the High School room and also by the unexpected ringing of alarm clocks at various periods of the afternoon.

Remember May 1st.
