

John L. Micklethun's ten-year-old daughter Hulda was the victim of a very serious accident last Tuesday afternoon. She had come from the house with a pail of water for the boys who were cutting hay, and stepped in front of the team and to the sickle side of the mower. The boy who was driving the mower lost control for a moment of the team which was either restless on account of the flies or frightened by the girl with the pail, and before they could be stopped the girl's foot was caught in the sickle bar and the flesh and bone almost severed. She was taken to St. Lukes Hospital at Fargo the same evening, and it is hoped that it will be possible to save the foot from amputation.
