

Stenson, of Finley, he has bought the 480 acre farm of Peter Margach and in the spring the new purchasers expect to divide the farm in two, each then having a tract of 240 acres. Mr. Lerum has farmed in this vicinity long enough to know the advantages of this locality and he would not consider going anywhere else to farm.

The marriage of Mr. Erik Stone and Miss Amelia Alberts was solemnized at Minneapolis on Saturday, August 9th. They returned to Hannaford last week where they will make their future home. Since returning from France, where he served with the Marines, Mr. Stone has been employed by Asher Anderson in the machine and implement business. The bride has for several years kept house for W. D. Sinclair and children, and has proved herself an efficient and accomplished young lady. The newlyweds have a host of friends who all join with the Enterprise in wishing them happiness and prosperity along life's journey together.

Mr. and Mrs. Milton Mills and son left Friday evening for Villa Grove, Ill., the former home of Mrs. Mills. Milton is looking around for a place to locate on a small farm in a somewhat milder climate than our, and where he can raise fruit and most of the other things for his own table. He had western New York state in mind, but did not propose to make any investments until he had thoroughly investigated conditions. Milton is

a Griggs county boy, and his departure is a distinct loss to the community, as he had proved himself practical, competent and up-to-date in all his farming methods. The many friends in this state of this esteemed family will wish them success in their new home.
