A bank account has many advantages besides providing an absolutely safe place for your money. Your bank deposit book affords a complete record of cash receipts, while the stubs of your check book are a perfect record of expenses and payments. Paying a laborer, store account or any other bill with a bank check is much safer than with money. Because you avoid the risk of handling the actual cash and the endorsed check returned by the bank is the best kind of a receipt. Farmers State Bank of Walum.
