ed any injury of any account. o A. D. Shaw and J. L. Moore autoed to Hoople last week to look over the e potate situation. They returned Sats urday evening. According to statements by them the farmers in the Hoople community have made a y great "killing" with potatoes this i season. Thirty buyers were there - making bids for the potatoes, and they were informed that Hoople is considered one of the best potato t markets of the world, considering the quality.
