

A sad accident occurred at the Curry farm about 5 o'clock Saturday evening Theodore Curry was, in some manner caught in the big drive belt and hurled around the cylinder of the separator. The right arm was broken in two places, three bad cuts in the head, and otherwise shaken up, was the result. No one knows just how it happened. When found, he was laying across the front wheel of the separator in an unconscious condition, and remained unconscious until late last night. The young man was prominent and highly respected, and the accident brings sorrow to all. Dr Philip is doing everything possible for his
