

## County Rural School Notes

These are busy days for every one, new duties are being urged upon us from endless sources, but it is gratifying to find the teachers so responsive and ready to help. Has your school enrolled in the War Savings campaign? The pupils have been asked to write a paragraph of not more than fifty words on "How I secured the money to purchase my first Thrift Stamp." These are to be sent to the County Superintendent's office, where as many as possible will be selected and published in school notes. January 30th is "Tag Your Shovel Day." Pupils have been asked to write an eight-line rhyme using the theme "Save a Shovel of Coal a Day." Several schools have begun serving a Hot Noon Lunch since the holidays. Besides the healthful benefit, it stimulates a feeling of good comradeship among pupils and teacher. We hope to hear of other schools taking up the Hot Noon Lunch. It is no longer considered a fad but a beneficial addition to any school program.

Teachers have been asked to report in school notes, if their school has no flag. Every school must be provided with a flag. It is not only a legal but a patriotic duty. Every child has a right to demand that his Country's Flag should wave over his school. Only one school has reported this week. Let us hope there will be no others.

Fifty-four certificates for three months' perfect attendance has been issued since January 1st. The Sutton Consolidated School reports thirty-seven pupils having 100 per cent attendance for three months. This is one of the benefits of a consolidated school.

Germany once thought this country was bluffing. With all her laborious studies in Psychology, Germany now realizes that as a mind-reader she is a poor performer.
