

Rural School Notes

Greenfield District No. 2.

Stromme School, Edna Thoreson, Teacher. Notes collected by Anna Kaastad and Lillie Nelson. The pupils having perfect attendance this month are: Eugenia and Evelle Nelson, Theodore and Margaret Potvin, Oline and Olga Kaastad, Thea Syverson and Algot Lind. The monthly tests were given on Thursday and Friday. We started to clean the school-yard on Friday but the wind kept us from finishing the job. The two pupils having the greatest number of Spelling stars are: Evelle Nelson and Olga Kaastad. The sixth grade are now memorizing "Paul Revere's Ride."

Helena District No. 3.

Steinborn School, A. C. Paulson, Teacher. Jean Taxdal has been absent the past week for spring work. Several classes are reviewing the work covered during the year. We expect to have our final examinations next week. Now that the weather is permitting us to go out to play we find that the recesses are altogether too short. We are going to keep our half hour noon as the children voted to retain it. They get home that much earlier.

Ball Hill District No. 17.

The Eighth grade has finished the course in Civics, History and Reading and are preparing for final examinations.
