#### OUT OF THE DEPTHS.

Our Correspondent's Researches and a Remarkable Occurrence He Describes.

Et. Albans Vt., January 10, 1884.
Messrs. Editors: The upper portion of Vermont is one of the pleasantest regions in America during the summer and one of the bleakest during the winter. It affords ample opportunity for the tourist, providing he chooses the proper season, but the present time is not that season. Still there are men and women here who not only endure the climate, but praise it unstintingly, and that too in the face of physical hardships the most intense. The writer heard of a striking illustration of this a few days since which is given here-

Mr. Joseph Jacques is connected with the Vermont Central railroad in the capacity of master mason. He is well advanced in years, with a ruddy complexion and hale appearance, while his general bearing is such as to instantly impress one with his strict honor and integrity. Several years ago he became af-flicted with the most distressing troubles, which prevented the prosecution of his duties. He was languid, and yet restless, while at times a dizziness would come over him which seemed almost blinding, His will power was strong, and he determined not to give way to the mysterious influence which seemed undermining his life. But the pain and annoying symptoms were stronger than his will, and he kept growing gradually worse. About that time he began to notice a different factories and the stronger than his will, and he kept growing gradually worse. About that time he began to notice a difficulty in drawing on his boots, and it was by the greatest effort that he was able to force his feet into them. In this manner several weeks passed by, until finally one night, while in great agony, he discovered that his feet had, in a short while. swollen to enormous proportions. The swollen to enormous proportions. The balance of the narrative can best be described in his own words. He said:
"When my wife discovered the fact

"When my wife discovered the fact that I was so bloated, she sent for the doctor immediately. He made a most careful examination and pronounced me in a very serious condition. Notwithstanding his care, I grew worse, and the swelling of my feet gradually extended upward in my body. The top of my head pained me terribly; indeed, so badly that at times it seemed almost as badly that at times it seemed almost as if it would burst. My feet were painfully cold, and even when surrounded with hot flannels and irons felt as if a strong wind were blowing on them. Next my right leg became paralyzed. This gave me no pain, but it was exceedingly annoying. About this time I began to spit blood most !reely, although my lungs were in perfect condition, and I knew it did not come from them. My physicians were careful and untiring in their attentions, but unable to relieve my sufferings. My neighbors and friends thought 1 was dying and many called to see me, fully twenty-five on a single Sunday that I now recall. At last my agony seemed to culminate in the most intense, sharp pains I have ever known or heard of. If red hot knives sharpened to the highest red hot knives sharpened to the highest degree had been run through my body constantly they could not have hurt me worse. I would spring up in bed, sometimes as much as three feet, cry out in my agony and long for death. One night the misery was so intense that I arose and attempted to go into the next room, but was unable to lift my swollen feet above was unable to lift my swollen feet above the little threshold that obstructed them. I fell back upon the bed and gasped in my agony, but felt unable even to breathe. It seemed like death.

"Several years ago Rev. Dr. J. E. Ran-kin, now of Washington, was stationed here as pastor of the Congregational church. We all admired and respected him, and my wife remembered seeing somewhere that he had spo en in the highest terms of a preparation which had cured some of his intimate friends. determined to try this remedy, accordingly sent for it, and, to make a long story short, it completely restored my health, brought me back from the grave, and I owe all I have in the way of health and strength to Warner's Safe Cure, better known as Warner's Sale Cure, better known as Warner's Safe Kidney and Liver Cure. I am positive that if I had taken this medicine when I felt the first symptoms above described, I might have avoided all the agony I afterward endured, to say nothing of the narrow escape I had from death.'

In order that all possible facts bearing upon the subject might be known, I called on Dr. Oscar F. Fassett, who was for nineteen years United States Examining Surgeon, and who attended Mr. Jacques during his sickness. He stated that Mr. Jacques had a most pronounced case of Albuminuria or Bright's disease of the kidneys. That an analysis showed the presence of albumen and casts in great abundance and that he was in a condition where few if any ever recover. His recovery was due to Warner's Safe Cure.

Mr. John W. Hobart, General Manager of the Vermont Central railroad, states of the Vermont Central railroad, states that Jacques was one of the best and most faithful of his employes, that his sickness had been an exceedingly severe one and the company were not only glad to have his services, but grateful to the remedy that had cured so valuable a man.

Mr. James M. Foss, assistant superintendent and master mechanic of the Vermont Central railroad is also able to con-

mont Central railroad is also able to confirm this.

I do not claim to be a great discoverer but I do think I have found in the above a most, remarkable case and knowing the unusual increase of Bright's disease feel that the public should have the benefit of it. It seems to me that a remedy that can accomplish so much in the last stages ought to do even more for the first apought to do even more ic. the proach of this deceptive yet terrible trou-F. B.

I am a non-believer in Patent Medicines, but having experienced marked relief from Nasal Catarrh and hoarse less by the use of Nass! Catarrh and hoarse less by the use of Ely's Cream Baim, I can recommend it to those suffering from this loathsome complaint and to those siflicted with hoarseness or stoppage of the throat so annoying to singers and clergymen.—Louis E. Phillips, 1428 N. Y. Ave., N. W., Washington, D. C. (Price 50 cents)

Throwing a King.

An old Greek said that a horse, which is neither flatterer nor courier, throws a king with as little ceremeny as he would a porter. Equally impartial is allen's Iron Tonic Bitters which cures high and low of all ills arising from derangement of the digestive organs. All genuine bear the signature of J, P. Allen, St. Paul, Minn.

#### Berofula

Usually develops in early life, and is a paculiar morbid condition of the system, usually affecting the glands, often resulting in wellings, enlarged joints, abscesses, thickening of the lips, enlarged neck, sore eyes. A scrosulous condition is often hereditary but bad diet, too free use of fat meats, bad air, want of sunshine and nourishing food will induce it. Some people are troubled with scrofalcus swelling of the glands, and with vlcers and kernels, which may cause very little pain; others may have inward scrofula, scrofula of the lungs, scrofula of the spleen, scrofula of the kidneys and scrofula of the bones. BURDOCK BLOOD BITTERS will drive away any case of scrotula, and not to appear in another place, for their action on the blood and bowels will carry the disease entirely from the body.

Thirty fire alarms in St. Paul in January.

Diseased Lungs

I have seen remarkable results from use of Swift's Specific on a center. A young man near here has been afflic ed five years with the most angry looking eating cancer I ever saw, and was nearly dead. The first bottle made a wonderful change, and after five bot-tles were taken, he is nearly or quite well. It is truly wonderful. M. F. CRUMLEY, M. D.; Oglethorpe, Ga.

CAUTION.

Swift's Specific is entirely a vegetable preparation, and should not be confounded with the various substitutes, imitations, non-secret humbars, "Succus Alternas," etc., etc., which are now being manufactured by various persons. None of these contain a single article which enters into the composition of S. S. There is only one Swift's Specific and there is nothing in the world like it. To prevent disaster and disappointment, by sure to get the remaine. Swift's Specific is a complete antildate to Blood Taint, Blood Poison, Malarial Poison and Skin Humor. J. Dicason Sarint, M. D., Atlanta, Ga. I have had remarkable success with Swift's Specific in the treatment of Blood and Skin Diseases, and in Female Diseases, I took it myself for Carbuncles with happy offect.

D. O. C. Herry, M. D., Atlanta, Ga. I used Swift's Specific on my little daughter, who was afflicted with some Blood Poison which had resisted all sorts of treatment. The Specific relieved her permanently, and I shall use it in my practice.

Blessed Benefactors When a board of eminente physicians and chemists announced the discovery that by combining some well-known valuable remedies, the most wonder/ul medicine was produced, which would cure such a wide range duced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors. These Bitters are compounded from Hops, Buchu, Malt, Mandrake and Dandelion and other oldest, best and most valuable medicines in the world and contain all the best and most curative propertain all the best and most curative propertest and the osst and most curative properties of all other medicines, being the greatest Blood Purifier, Kidney and Liver Regulator, and lite and health restoring agent on earth. No disease or ill health can possibly long exist where these Bitters are used, so

varied and perfect are their operations.

They give new life and vigor to the aged and infirm. To all whose employments cause irregularity of the bowels or urinary organs, or who require an Appetizer, Toni; and mild Stimulant, these Bitters are invaluable, being highly curative, tonic and stimulating, without intoxicating.

No matter what your feelings or symptoms are, what the disease or ailment is use Hop Bitters. Don't wait until you are cick but if you only feel bad or missrable.

sick, but if you only feel bad or miserable, use the Bitters at once. It may save your life. Hundreds have been saved by so doing. AC-1500 CA will be paid for a case they will not cure or help.
