ports of committees in the morning when it will adjourn. HOME PROTECTIONISTS. The Home Protection party of South Dakota sonvened in territorial convention to-day. It is a straight-out prohibition party, and was im-ported from Iowa in the first place, and was given form in the effort to secure a prohibition plank in the territorial constitution adopted last fall. About 130 delegates to the Territorial Pro-hibition alliance convention now in session here are also delegates to this convention, and the first convention gave way for a few hours this afternoon to allow the Home Protection party convention to assemble in the large court hall. A preliminary organization was effected and committees appointed, and the convention ad-journed, to meet after the close of the. Prahibi-tion alliance convention to -morrow. It is hinted that the deliberations of the Home Protection party may not be as harmonious as those of the Prohibition alliance convention. An interesting meeting is expected to-morrow. The delegates to these conventions represent the law abiding ind solid citizens of South Dakota, and they ire terribly in earnest.
