New Tanning Bark.

The tannekaya bark, which comes from New Zealand, and is a new agent in tanning, is one of the novelties of This discovery is very commerce. recent. In 1873 the whole export from New Zealand was fifteen tons, but last year it was 375 tons. The greater part of the export is taken to Grenoble, France, where it is used in dressing leather for gloves. The price of this bark in its native country is \$40 per ton, and the freight is as much more. Hence it has been proposed to make the tree one of our own products, since the bark has at times been worth \$250 per ton. It contains 28.66 per cent. of tannin, whereas oak bark contains only 8.85 and hemlock 9.5. The tannekaya tree is very beautiful, and, as its timber is very useful, it has every point of value. Being of the fir species, it is well adapted to the light soil of the South, and might do much to enrich that part of the Union.

Changed His Mind About Her.

I shall never call on Mrs. Smith again," said Mrs. Jones. "I never want to see her any more."

"You women are so foolish to quarrel over trifles," said Mr. Jones. "Mrs. Smith is a very pleasant person, a trifle talkative, perhaps, but on the whole a very estimable woman. You shouldn't attach any importance to what she says. What was the trouble?"

"She said you weren't very prompt in paying your debts."

"Well, by thunder!" shouted Jones, jumping to his feet, "I would give \$25 if she were a man for just ten minutes." -New York Star.

In recent attack which extended to the neck a recent attack which extended to the neck, shoulders and back the pain was intense. She resolved to try St. Jacobs Oil, the great pain reflever. Rubbing the parts affected, three times only, all pain vanished as if by magic, and has not returned.

The counterpane can be left on the bed when it is occupied, if so desired, and in cold weather it will be found a very neat and warm article of bed clothing, since the paper will prevent the escape of heat about as well as a woolen

Is it Really Consumption.

Many a case supposed to be radical lung disease is really one of liver complaint and indigestion, but, unless that diseased liver can be restored to healthy action, it will so clog the lungs with corrupting matter as to bring on their speedy decay, and then indeed we have consumption, which is serofula of the lungs, in its worst form. Nothing can be more happily calculated to nip this danger in the bud than is Dr. Pierce's "Golden Medical Discovery." By druggists.

The United States Supreme Court has just disposed of the important question involved in certain insurance cases appealed from Virginia by holding that the issue was not one under the Federal laws, and therefore the court had no jurisdiction in the matter. The effect of this ruling is to render final the decision of the highest court of Virginia, which held that the insurance companies are not liable for insurance on property burned when Richmond was cap-tured by the Federal troops in 1865, for the reason that they were exempted from the payment of such losses by express clauses in their policies.

COLD FACTS REGARDING THE PUBLISHING business: The expenses and carnings of a paper with 100,000 circulation will approximate as follows: RISCEPTS: Subscription, \$150,000; from advertising, 600 inches per issue, at the rate of 1c a line per 1,000 of circulation, or \$1 a line for 100,000, for paper, 100,000; for paper, 100,000; presswork, etc., \$1,200 per issue, \$62,400; 100,000 Premium Engravings at \$1 each, \$100,000; cditorial work, incidentals, \$20,000 doi: doi: 100,000; incidentals, \$182,400. Leaving the splendid profit of \$354,400.

**NO. Leaving the splendid profit of \$354,400. Three-fourths of this profit will be made out of the sale of advertising space, and advertising space, and advertising space, and advertising profits, is worth to a laper of 100,000 circulation, \$3.54. We propose to keep the 54c as our share, and repay to our subscribers the \$31. In this proportion we will have \$354,000 as profit after giving back to the subscribers the splendid sum of \$300,000 in Premiums.

This is a plain statement of facts, and involves no necessity of resorting to creating methods as an excuse for offering "numbered receipts," and alleged "creatings" or "swards." It is simply proposed to make division with our subscribers of an equitable share of the profits which the use of their names as subscribers will secure.

THE GRANDEST EN- "WAITING FOR THE VERDICT." GRAVING PREMIUM WAILING FUR THE VEBULE IT represents the waiting room of an English Criminal Court where are grouped the aged father and mother, the wife sister and two prattling babes of the prisoner, who is on trial for his life. The frightened, anxious, agonized expression of the older members of the group, and the smiling, hoppy faces of the little ones, who are unconscious of their father's awful perit form a most touching and interesting subject for the skill of the artist. It is printed on heavy plate, with India paper tink engraving purchased at retail for less than \$12. It cannot be secured for less except through this offer. Every future subscriber to the Farmers' Ledger can secure a copy by inclosing 46c when he sends his name, to prepay cost, express an properly packing or postage if sent by mail. We have contracted for 100,000, we paying cost of American plate.

"WHAT PREMIUM WILL I GET?" SEND US YOUR NAME and find out. Immediately on receipt of your letter we will send with the Premium Engraving a sealed envelope containing an order for the amount of the Cash Premium that will be due you, and there will be no waiting or uncertainty.

Remember, No Subscription Price Need be Sent, and No Charge for Tickets.

CONDITIONS—Every subscriber must accept as a condition that he will display the Premium to those who call how and where he secured it. Positively this must be done. Every Engraving sent out secures additional subscribers, and the advertising profits out of which to pay the Cash Premiums depend on the list of subscribers. The charges, 46c, on the Engraving, have nothing to do with the subscription price, and barely cover cost, delivery and packing so large an Engraving, and no name will be entered or Cash Premium Orders sent unless the charges for the Engraving are enclosed. Those who receive Premium orders for any of the Capital Cash Premium, will please telegraph, at our expense, acknowledging amount. Stamps will not be accepted for Engraving charges except from places where postal notes are not issued.

OBSERVE! This is business from the word "Go!" If you send us your address and 46c for charges on Engraving, you will be entitled to a single Cash Premium Order for not less than two dollars—for there are no blanks. We expect to secure the necessary 100,000 in 30 days, and to be among the favorites you should join our list at once. The Cash Premiums paid through any bank, post or express office. You run no risk, except of good fortune—then don't wait, but take advantage of this opportunity note, TO-DAY.
