Freaks of a Lunatic.

A crazy man, by name Wetterlind, recently terrorized the Swedish town of Goteborg for more than a whole week. He had locked himself in the top story of a house whence he commanded a wide sweep of street, and marked and fired at any and everybody who approached. After he had shot one man dead the firemen attempted to drown him out, but could not get near enough, as the man was a dead shot. They next made iron shields to protect them in the approach, but these proved too cumbersome. An attempt to dislodge the lunatic by throwing dumb-bells charged with electricity at him had to be abandoned. A barricade was then erected around the house by the police and a regular siege laid to it. The lunatic stood it a week before he was starved out, and was then seized by strategy, too weak to defend himself. He had wounded a number of people from his perch during the singular campaign.

This is to certify that I have been a Rheumatic sufferer for ten years past, the attacks lasting from six weeks to four menths, and I have been treated by the best physicians of this vicinity, have sought relief at the different watering places of Western New York, using sulphur, magnesia and electric baths, with only temporary effect. No permanent relief had been experienced until I procured and used several bottles of Dr. Pardee's Rheumatic Remedy, and I can truthfully say that I believe it is the only remedy that will effect a permanent cure, and as such I confidently commend it to all rheumatic sufferers as a sure and certain cure. sure and certain cure.

LIVER DISEASE

AND
HEART TROUBLE.

Mrs. Mary A, McCluar, Columbus, Kans., writes: "I addressed you in November, 1884, in regard to my health, being afflicted with liver disease, heart trouble, and female weakness. I was advised to use Dr. Pierce's Golden Medical Discovery, Favorite Prescription and Pellets. I used one bottle of the 'Prescription,' nive of the 'Discovery, and to improve under the use of your medicine, and my strength came back. My difficulties have all disappeared. I can work hard all day, or walk four or five miles a day, and stand it well; and when I began using the medicine I could scarcely walk across the room, most of the time, and I did not think I could ever feel well again. I have a little baby girl eight months old. Although she is a little delicate in size and appearance, she is healthy. I give your remedies all the credit for curing me, as I took no other treatment after beginning their use. I am very grateful for your kindness, and thank God and thank you that I am as well as I am after years of suffering."

My liver was inactive, and I suffered much from dyspepsia. I am pleased to say that your 'Golden Medical Discovery' and 'Pellets' have cured me of all those aliments and I cannot say enough in their praise. I must also say a word in reference to your 'Favorite Prescription,' as it has proven itself a most excellent medicine for weak females. It has been used in my family with excellent results."

Dyspepsia.—James L. Colby, Esq., of Yucatan, Houston Co., Minn., writes: "I was troubled with indigestion, and would est heartily and grow poor at the same time. I experienced heartburn, sour stomach, and many other disagreeable symptoms common to that disorder. I commenced taking your 'Golden Medical Discovery' and 'Pellets,' and I am now entirely free from the dyspepsia, and am, in fact, healthier than I have been for five years. Boils and blotches began to arise on the surface of the skin, and I experienced a tired feeling and dullness. I began the use of Dr. Pierce's Golden Medical Discovery as directed by him for such complaints, and in one week's time I began to feel like a new man, and am now sound and well. The 'Pleasant Purgative Peliets' are the best remedy for billous or sick headache, or tightness about the chest, and bad taste in the mouth, that I have ever used. The disease appeared first in her feet, extended to the kneet, covering the whole of the lower limbs from feet to kneet, then attacked the elbows and became so severe as to prostrate her. After being treated by several physicians for a year or two she commenced the use of the medicine named above. She soon began to mend and is now well and hearty. Consumption.—Mrs. Edward Newton, of Harrowsmith.
Ont., writes: "You will ever be praised by me for the remarkable cure in my case. I was so reduced that my friends had all given me up, and I had also been given up by two doctors. I then went to the best doctor in these parts. He told me that medicine was only a punishment in my case, and would not undertake to treat me. He said I might try Cod liver oil if I liked, as that was the only thing that could possibly have any curative power over consumption so far advanced. I tried the Cod liver oil as a last treatment, but I was so weak I could not keep it on my stomach. My husband, not feeling satisfied to give me up yet, though he had bought for me everything he saw advertised for my complaint, procured a quantity of your 'Golden Medical Discovery.' I took only four bottles, and, to the surprise of everybody, am to-day doing my own work, and am entirely free from that terrible cough which harrassed me night and day. I have been affilicted with rheumatism for a number of years, and now feel so much better that I believe, with a continuation of your 'Golden Medical Discovery,' I will be restored to perfect health. I would say to those who are falling a prey to that terrible disease consumption, do not do as I did, take everything else first; but take the 'Golden Medical Discovery' in the early stages of the disease, and thereby save a great deal of suffering and be restored to health at once. Any person who is still in doubt, need but write me, inclosing a stamped, self-addressed envelope for reply, when the foregoing statement will be fully substantiated by me."

Consumption and Heart Disease.—"I also wish to thank you for the remarkable cure you have effected in my case.

For three years I had suffered from that terrible disease, consumption, and heart disease. Before consulting you I had wasted away to a skeleton; could not sleep nor rest, and many times wished to die to be out of my misery. It took five months' treatment in all. The first two months I was almost discouraged; could not perceive any favorable symptoms, but the third month I began to pick up in fiesh and strength. I cannot now recite how, step by step, the signs and realities of returning health gradually but surely developed themselves. To-day I tip the scales at one hundred and sixty, and am well and strong."

Our principal reliance in curing Mr. Downs' terrible disease was the "Golden Medical Discovery."
