The new Baptist church was dedicated Wednernesday evening. The clergymen present were Revs. G. W. Huntley, O. D. Purinton and Quamme. The choir was the same as usual. The house was crowded. Mr. Huntley preached the sermon after which a collection was taken up for the purpose of wiping out the church debt, \$300 being realized. The singing was, as usual, excellent The church with its furnishings has cost over \$8,000 of which \$2,000 have been pledged by friends. It is architecturally handsome, and well finished and furnished. Good taste is manifested throughout the building and it is an ornament to

Attorneys Bartlett & Giass and Jacobson seem to be having a time over Nate Sifton's apple cart. Bartlett & Glass captured the machine last week whereupon this week Jacobson sought to recover it for Lawrence Bros. The court dismissed the action on the ground that it was not brought by the right party so that Bartlett & Glass still have possession of the chattel. It seems that Lawrence Bros. have simply a mortgage on the curt and sued one Price for the purchase price. Mr. Jacopson swore that he had a letter from Siften to turn over the cart to Lawrence Bros .. which he had done, and it was their property Mr. Julian Lawrence swore that the cart did not belong to him, had never been turned over to him upon which some sharp language was used concerning the truth and veracity of witnesses.

Tower "University" (university is supposed to be a collection of colleges) at Tower City has arranged to give normal instruction and consequently free tuition to students. it would be well enough to have a cemetery. This scattering of the remains of deceased people over the proirie is entirely too aboriginal for a civilized country. Inasmucires the town is not incorporated it seems obligatory upon the county commissioners to secure a cemetery for the county. There are several places proposed. The people resident within the ten mile indemnity limit, are considerably stirred up by the re cent orders of the United States land office. The Dwight farm in Richland county is almost entirely in the limit. The Cooper Brothers, of Griggs county are likewise so situated. Major Beardsley has some \$30,000 of these lands, besides thousands of quarter section farmers, who have purchased lands and made homes. About Buxton in Traill county there are numberless jumpers-it is said every quarter section from the Manitoba road to the Red river has been jumped. The order is far reaching and the disaster will le wide spread. What makes it still worse is that the people in the east who do not understand the situation are landing the department for taking care of the government interests-when in factits only robbing the pioneer. - Argus.

His Old Pard.

The Argus tells an affecting little story about two old mining pards meeting at the Sherman house table after a separation of twenty-on One of them "was so overcome by this sudden realization and the old recollections of danger and excitements shared by each away back there in the wilds of Idaho that he could not finish his meal, but left precipitately to collect nis thoughts before making himself knewn." Probably he "left precipitately" to collect a gun out of his value lest his old pard should get the drop on him.
