-"But you may be entertaining an angel, madam," said Tom O'Brien, tramp, to Mrs. Pyburn, of New Albany, Hunday. "Yes, you smell like one long dead, assented the lady, meditatively, but I'll let the Pyburn before I'll set it up for you, nevertheless." Then he went out and set fire to her barn, got shot in the leg, and is eating locusts and wild honey in the county jail.

-The Oregon Alpine Club has been organized in Portland. It is proposed, to collect information regarding the many snow peaks of the region for the benefit of the members of the club and tourists who may wish either to ascend them or pass an outing around their bases, and thereby be the means of attracting to points of interest within the Northwest. Among the officers of the club will be a historian, who will keep a record of all the successful and more interesting ascents.

-The largest retail store in the United States has just been opened in Brooklyn. It is stocked in a curious way. A Fulton street candy man sells the candy, a Broadway Japanese concern sells the bric-a-brac, a New York shoe house sells the shoes, and so it goes. The owners of 'the store sell' nothing but the dry goods, and the rest of the concern is made up of two score separate establishments, which pay a commission or sental to the owners.

-Yesterday a glass tumbler was accidentally thrown out of the window of the telephone office, on the fifth story of the Trust Building, and when it struck the pavement below it rang like a bell, and Ben Flowers, who was passing at the time, picked it up, safe and sound. In striking, it actually knock off an inch or two of the corner of a brick. This occurrence is extraordinary, and hardly ever might happen again. - Harrisburg Call.

-Mr. John Stewart, a dry goods clerk at Renfrew, Ont., met with a very peculiar accident about a week ago. He was standing with a lead pencil in his mouth, when a fellow clerk threw a handful of socks over to him. The bundle struck the pencil and knocked it down his mouth. It fastened in his throat, and it is surmised that a piece of the lead broke off and remained in his palate. His mouth became so painful that he was obliged to seek medical attention.

-"I was passing the corner of Seventh and Main streets, said a gentleman to a Louisville reporter, "and there was quite a crowd there. A lady with a bright red head of hair came along. One young man gazed at her hair rather more intently than was polite. She looked at him and said, sarcastically: You need not look for the white horse; yonder it is across the street.' The young man was so staggered by her snub that he walked away. without glaucing at the horse, which was really there, as the lady had said."

-An Albany gentleman of a thoughtless, inquisitive turn of mind a few mornings since met a lady friend who is employed as a saleslady in a city store, and noticing her changed appearance in countenance asked her if she had been ill. She replied that she was never in better health, and queried if any thing in her appearance prompted this question. He replied that he thought her face looked thinner than usual. "O," she quickly rejoined, "I loaned my false teeth this morning to a friend who was going to a picnic."

Mr. Pease seized a pitchfork and struck the bird, which let go the calf and attacked him, and he sustained a number of severe blows from the eagle's wings before he succeeded in impaling it on a pitchfork prong, when he got his shotgun and finished the job. The calf was so badly injured that it had to be killed. The eagle was the largest ever seen in that part of the State.

Her beauty attracts every eye,
And as for the people who called her a fright,

How to Select a Wife.

Good health, good morals, good sense and good temper, are the four essentials for a good wife. These are the indispensables. After them come the minor advantages of good looks, accomplishments, family position, etc. With the first four, married position, etc. With the first four, married iffe will be comfortable and happy. Lacking either, it will be in more or less degree a failure. Upon good health depends largely good temper and good looks, and to some extent good sense also, as the best mind must be affected more or less by the weaknesses and whims attendant on frail health. Young man, if your wife is falling into a state of invalidism, first of all things try to restore her health. If she is troubled with debilitating female weaknesses, buy Dr. Pierce's Favorite Prescription. It will cure her.

All-Paper Cigars.

Albany Express: Smokers will be interested to know that not a thousand miles from Albany there is a firm which makes large quantities of paper for this avowed purpose. The paper, on reaching the tobucco warehouse, is repeatedly soaked in a strong decoction of the plant. It is then cut up and pressed in molds which give to each sheet the venation of the genuine leaf tobacco. So close is the imitation that expert tobacco men and habitual smokers have been deceived. At a recent gathering in this city cigars made from this paper tobacco were passed around and declared excellent. Many of those declared the cigars were made from rare brands, and so well was the imitation carried out that one man actually insisted that there could be no mistake about the cigars being genuine tobacco.

LIVER DISEASE

Writes: "I addressed you in November, 1884, in regar" to my health, being afflicted with liver Lucase, heart trouble, and female weakness. I was advised to use Dr. Pierco's Golden Medical Discovery, Pavorite Prescription and Pelletz. I used one bottle of the 'Prescription,' five of the 'Discovery and to improve under the use of your medicine, and my strength came back. My difficulties have all disappeared. I can work hard all day, or walk four or five miles a day, and stand it well; and when I began using the medicine I could scarcely walk across the room, most of the time, and I did not think I could ever feel well again. I have a little baby girl eight months old. Although she is a little delicate in size and appearance, she is healthy. I give your remedies all the credit for ouring me, as I took no other treatment after beginning their use. I am very grateful for your kindness, and thank God and thank you that I am as well as I am after years of suffering."

I must also say a word in reference to your 'Favorite Prescription,' as it has proven itself a most excellent medicine for weak females. It has been used in my family with excellent results."

Dyspepsia.—James I. Coley, Eag., of Yacatan, Houston Ch., Minn., writes: "I was troubled with indigestion, and would east heartily and grow poor at the same time. I experienced heartburn, sour somach, and many other disagreeable symptoms common to that disorder. I commenced taking your Golden Medical Discovery' and 'Pelleta,' and I am now entirely free from the dyspepsia, and am, in fact, healthier than I have been for five years. Chills and Fever.—Rev. H. E. Moslaw, Montmorenci, S. C., writes: "Last August I thought I would die with chills and fever. I took your 'Discovery' and it stopped them in a very short time."

### "THE BLOOD IS THE LIFE."

Thoroughly cleanse the blood, which is the fountain of health, by using Dr. Pierce's Golden Medical Discovery, and goe digestion, a fair skin, buoyant spirits, and bodily health and vigor will be established.

Golden Medical Discovery cures all humors, from the common pimple, blotch, or eruption, to the worst Scrofula, or blood poison. Especially has it proven its efficacy in curing Salt-rheum or Tetter, Fever-sores, Hip-joint Disease, Scrofulous Sore and Swellings, Enlarged Glands, and Eating Ulcers.

Rev. F. Asbury Howell, Pastor of the M. E. Church, of Süverton, N. J., says: "I was afficted with catarrh and indigestion. Boils and blotches began to arise on the surface of the skin, and I experienced a tired feeling and duliness. I began the use of Dr. Pierce's Golden Modical Discovery as directed by him for such complaints, and in one week's time I began to feel like a new man, and am now sound and well. The 'Pieusant Purgative Pelleta' are the best remedy for bilious or sick headache, or tightness about the chest, and bad taste in the mouth, that I have ever used. My wife could not walk across the floor when she began to take your 'Golden Medical Discovery.' Now she can walk quite a little ways, and do some light work."

Mrs. IDA M. STRONG, of Ainsecorth, Ind., writes:

"My little boy had been troubled with hip-joint disease for two years. When he commenced the use of your 'Golden Medical Discovery' and 'Pelleta,' he was confined to his bed, and could not be moved without suffering great pain. But now, thanks to your 'Discovery,' he is able to be up all the time,

and can walk with the help of crutches. He does not suffer any pain, and can eat and sleep as well as any one. It has only been about three months since he commenced using your medicine. I caffort find words with which to express my gratitude for the benefit he has received through you."

A TERRIBLE Of Cambridge, Maryland, says: "Mrs. Rlina Ann Pools, wife of Leonard Poole, of Wellamburg, Dorchester Co., Md., has been cured of a bad case of Eczems by using Dr. Pierce's Golden Medical Discovery. The disease appeared first in her feet, extended to the knees, covering the whole of the lower limbs from feet to knees, then attacked the elbows and became so severe as to prostrate her. After being treated by several physicians for a year or two she commenced the use of the medicine named above. She soon began to mend and is now well and bearty. Mrs. Poole thinks the medicine has saved her life and prolonged her days."

Mr. T. A. Ayres, of East New Market, Dorchester County, Md., vouches for the above facts.

"wasting disease."

Consumption.—Mrs. Edward Newton, of Harrowemithont., writes: "You will ever be praised by me.for the remarkable cure in my case. I was so reduced that my friends had all given me up, and I had also been given up by two doctors. I then went to the best doctor in these parts. He told me that medicine was only a punishment in my case, and would not undertake to treat me. He said I might try Cod liver oil if I liked, as that was the only thing that could possibly have any curative power over consumption so far advanced. I tried the Cod liver oil as a last ton my stomach. My husband, not feeling satisfied to give me up yet, though he had bought for me everything he saw advertised for my complaint, procured a quantity of your "Golden Medical Discovery." I took only four bottles, and, to the surprise of everybody, am to-day doing my own work, and am entirely free from that terrible cough which harrassed me night and day. I have been afflicted with rheumatism for a number of years, and now feel so much better that I believe, with a continuation of your 'Golden Medical Discovery.' T will be restored to perfect health. I would say to those who are falling a prey to that terrible disease consumption, do not do as I did, take everything else first; but take the 'Golden Medical Discovery' in the early stages of the disease, and thereby save a great deal of suffering and be restored to health at once. Any person who is still in doubt, need but write me, inclosing a stamped, self-addressed envelope for reply, when the foregoing statement will be fully substantiated by me."

Ulcer Oured.—ISAO B. Downs, Esq., of Spring Valley, Enckland Co. N. V. (P. O. Box 28), writes: "The 'Golden Medical Discovery' and the discovery of the golden Medical Discovery' and the fully substantiated by writes: "The 'Golden Medical Discovery' and the fully substantiated by writes: "The 'Golden Medical Discovery' Take 'Golden Medical Discovery' Take 'Golden Medical Discovery' Take 'Golden Medical Discovery' Take 'Golden Medical Dis

Ulcer Cured.-ISAAC & DOWNS, Esq., of Spring Valley, Bockland Co., N. Y. (P. O. Box 28), writes: "The 'Golden Medi-

cal Discovery' has cured my daughter of a very bad ulcer located on the thigh. After trying almost everything without success, we procured three bottles of your 'Discovery,' which healed it up perfectly." Mr. Downs continues:

Consumption and Heart Disease.—"I also wish to thank you for the remarkable cure you have effected in my case. For three years I had suffered from that terrible disease, consumption, and heart disease. Before consulting you I had wasted away to a skeleton; could not sleep nor rest, and many times wished to die to be out of my misery. I then consulted you, and you tolds me you had hopes of curing me, but it would take time. I treatment in all. The first two months I was almost discouraged; could not perceive any favorable symptoms, but the third month I began to pick up in fiesh and strength. I cannot now recite how, step by step, the signs and realities of returning health gradually but surely developed, themselves. To-day I tip the scales at one hundred and sixty, and am well and strong."

Our principal reliance in curing Mr. Downs' terrible disease was the "Golden Medical Discovery."

JOSEPH F. McFarland, Esq., Athens, La., writes: "My wife had frequent bleeding from the lungs before she commenced using your 'Golden Medical Discovery.' She has not had any since its use. For some six months she has been feeling so well that she has
